

MDEA Bargaining Update

Negotiations Session #3

10-24-2011

Your MDEA Bargaining Team met with the District's Team on Monday, October 24, 2011, for the third bargaining session of our 2011-13 successor contract negotiations. MDEA and MDUSD signed a Tentative Agreement regarding Article 5 – Transfers which establishes a process for the involuntary transfer of teachers due to school closures or reconstitutions.

Bryan Richards, MDUSD CFO, presented proposed budgets through the school year 2013-2014 that included projections based on the different potential scenarios that could affect the District's finances including the possible Clayton Valley High School Charter School Conversion and the State Budget implications on future funding.

MDEA will continue to review the budget information and a CTA expert will be joining us at the next bargaining session on Wednesday, November 2nd to help clarify the financial forecasts.
